

FRAMEGUILD

Mounting Collections

The Frameguild Moulding Collections consist of the Classic Contemporary designs of Nurre Caxton, the variety and breadth of finishes and shapes in the Frameguild Wood Collections, and the consistency and value of the Renaissance polystyrene mouldings.

Hundreds of new mouldings have been created over the past number of years. Our extensive range of product embodies a wide variety of designs to satisfy every imaginable style, taste and trend in all regions of the country. Beautiful leaf finishes are hand applied by the finest artisans on classic designs. Finely milled hardwoods and rustic finishes reflect the grandeur of the Canadian tradition. Contemporary, urban designs get their inspiration from post-modern art and architecture.

All of these unique mouldings combine exceptional design with the highest standards of quality. Our commitment is to provide our customers with current, up to date designs that reflect the latest trends in art and home décor.

A division of Nielsen & Bainbridge Canada Inc.
